SAMALITE Professional Rechargeable Head Torches

SAMALITE HL600F

NEW!

Now 3600 Lumens with 4.5 hours run time

The new SAMALITE HL600F-LRJ high powered rechargeable head torch now produces an amazing 3600 Lumens which will run for 4.5 hours at that level, using the new included BPLi-7RJ Li-ion Battery with a total combined weight of 355g

3 Brightness Settings available for upto 11 hours if needed.

- High 3600 Lumens 4½ Hours
- Middle 2200 Lumens 7 Hours
- Low 1500 Lumens 11 Hours

NEW 40% Higher Capacity SAMALITE BPLi-7RJ Li-ion Battery for Longer Runtimes suitable for existing SAMALITE HL600F & HL1300W Head Torches

The small SAMALITE BPLi-7RJ Li-Ion light weight battery weighs only 205g which can be carried on its headband with a combined weight of only 355g, or on a waist belt using the supplied extension cable or fitted to a hard hat.

SAMALITE HL1300W

Total Visibility 180-Degree Light

Now 2800 Lumens with 7.5 hours run time using the new Dual SAMALITE BPLi-7RJ Li-ion Batteries

This innovative LED Head Torch is the world's first true 180-degree wall of bright light and all round visibility for the user, ensuring maximum safety under foot and hands-free comfort lighting to work by.

3 Brightness Settings available for upto 12 hours if needed.

To explain: When wearing this head torch and looking straight ahead, out of the corners of your eyes UP, DOWN, LEFT and RIGHT this will also be lit up so there will be no dark areas left in your vision. The HL1300W gives no concentrated spot beam as with conventional round head torches, but delivers an even anti-glare 180-degree spread of light, capable of lighting large areas outside, a loft, basement or room without having to move your head around to look at things.

- High 2800 Lumens 7½ Hours
- Middle 1800 Lumens 9½ Hours
- Low 1200 Lumens 12 Hours
